

Counterfeit Policy Statement

We, Golledge Electronics Ltd, recognise that counterfeiting is a serious global problem.

Golledge Electronics Ltd prides itself on the quality of its products and services. In order to protect our customers from substandard and / or counterfeit goods we have in place robust supplier selection, supplier monitoring, and incoming / outgoing goods inspection procedures which are detailed in our ISO9001-compliant documentation.

To help prevent the purchase of counterfeit or substandard goods, we only purchase from a select few long-established suppliers who can demonstrate their own robust quality and counterfeit control.

We continuously monitor supplier quality.

Should any evidence of counterfeiting arise we will alert the appropriate authorities.

For and on behalf of Golledge Electronics Ltd.
